The Scenic Regional Library Boards of Trustees met on August 17, 2010 at the Union Library following the public hearings on the individual county tax levy rates and the meetings of the Franklin County Library Board and the Warren County Library Board. Due the lack of a quorum, the Gasconade County Library Board meeting was rescheduled for August 30th at 10:00 at the Hermann Library. Dan Wilson presided at the meeting. The city of Washington is proposing to issue $17,500,000 in Chapter 100 bonds for an industrial development project for Tech Aerospace Group. The bonds are for 10 years and Payments in Lieu of Taxes will generate $10,877 or 50% of the total tax amount. It was noted that final figures from Franklin County have not been received and that changes are likely.

Minutes – August 17, 2010

Ken Rohrbach reported that the old post office building in St. Clair is available for lease or purchase. This facility would provide more public service space than the current St. Clair location. The library staff has been concerned over space issues in St. Clair, as well as at Owensville and New Haven for quite some time. A handout entitled Branch Library Facilities – Public Service Space Needs – 2010 was distributed. Comparisons were made between current spaces available to ALA standards using three different populations: school district, zip code, and town. A sheet outlining information on the post office building, costs of the current St. Clair facility, projected costs, and funding options was distributed. **John Cheatham made a motion to proceed with investigating the feasibility of the old St. Clair post office as a site for the St. Clair Library. John Barry seconded the motion. The motion was approved unanimously.**

It was the consensus of the board that the September board meeting should be held at the St. Clair Library.

A proposal to paint a mural on the old auto parts building in Union was presented. The current plan calls for the wording “Scenic Regional Library” to be painted on the building in a whimsical fashion. The consensus of the board was that this particular mural might not be the most appropriate. Ken Rohrbach stated that the artist is open to change as far as the design. Concerns were also raised over liability issues and also the need for an exact drawing of future proposals. **Diann Wacker made a motion to table the issue until additional information is obtained. John Barry seconded the motion. The motion was approved unanimously.**

Christine Schmidt asked about the status of the logo design. Ken Rohrbach stated that the staff had been working through the design process with Neil Kruel and felt that a finished product was near. A sample of the logo was distributed. Several board members offered critiques and suggestions for changes. **Jim Davis made a motion to adjourn the meeting. Diann Wacker seconded the motion. The meeting was adjourned.**
