*read, explore, grow*

issue 49 | june 2017

*A monthly publication from your local library!*

## Site for New Union Branch Selected

The library has selected a site for the new Union branch, administrative offices, and bookmobile collection. The 2.93-acre lot is located next to the Pasta House in Union. The site was purchased from Greg Overschmidt in May.

The library is unable to expand the existing buildings due to the site's size and other limitations. The library explored several possible sites along Highway 50, Highway 47, and Denmark Rd., as well as downtown Union.

The library conducted a demographic study which showed that more Union residents live within a five-minute driving radius of the site located next to the Pasta House than any of the other new site options, including downtown. In addition, property in downtown Union would have been double or even triple the cost of the site adjacent Pasta House.

The new site provides as much visibility as the current location, but improves

access to the library due to the traffic light at the Independence Drive/Highway 47 intersection. Many patrons complained over the years about the difficulty involved in pulling onto Highway 50 from the library's current location, especially when turning left.

Currently, the Union branch and bookmobile comprise approximately 10,700 square feet and administrative offices 3,200 square feet. The new combined facility is expected to be 22,500 square feet, including over 2,100 square feet of programming and meeting room space. The library also plans to increase the amount of parking from 54 spaces to 106 spaces. The library plans to build the new facility in 2018.

*The library's new site in Union, seen heading south on Highway 47. Pasta House can be seen in the distance.*

## New St. Clair Branch Manager

April Becirovic has been hired as the new branch manager in St. Clair. The previous manager, Rachel Terbrock, has transferred to the New Haven branch. Ms. Becirovic has worked for Scenic Regional Library at the Union branch for the past five years, including serving as assistant branch manager since September 2014. She has also been responsible for adult programming at the Union branch since October 2013.

Ms. Becirovic grew up and attended school in St. Clair. She graduated from Missouri University of Science and Technology with a bachelor's degree in psychology.

*Young patrons show off their artistic efforts during Kid's Club at the Pacific branch.*

*A monthly publication from your local library!*

## Why Does the Library Need Friends Groups?

Some people have asked, "Why does the library need Friends of the Library groups to fundraise when they just received a tax increase three years ago?"

In the past, the library's tax rate was inadequate. The increase approved by voters in April 2014 provided the library with enough revenue to offer basic services, such as new materials, programs, supplies, and technology. However, the library is undertaking an enormous construction project, replacing or expanding and renovating nine facilities. Twenty-percent of the library's annual operating budget goes to repaying the bonds for the new construction.

The library's new branches will not be extravagant; they will be functional buildings with basic furniture and equipment. The library hopes to supplement the facilities with specialized children's furniture, equipment, and enhanced technology found in many modern libraries. However, these items are unaffordable with the library's budget.

Most libraries have foundations and Friends' groups to help provide funds for "extras". They fundraise to provide the library with higher-quality programs; specialized children's furniture, equipment, and technology; and new services. The library hopes that its Friends groups can serve in this capacity, too.

An application to join the Friends of the Library can be found on the last page of this month's newsletter.

These are some of the many educational activities and items found in modern public libraries which Scenic Regional would like to offer in its new facilities:

*Activity tables*

*Puppet theaters*

*Activity panels*

## Y Literacy Seeking Volunteers for Adult Tutoring

The Y Community Adult Literacy Program needs volunteer tutors to teach students in

Owensville, Pacific, St. Clair, Union, and Washington. Franklin and Gasconade counties have adults who would like to improve their skills in reading and speaking of English. The Four Rivers YMCA provides the structure for this service, but needs more citizens from our area who are willing to "give back to their community" by tutoring adults.

The Y Community Literacy Council's next training session for potential volunteer literacy tutors will be Monday, June 26, at Scenic Regional Library's Union branch. This free training will be from 9:00 a.m. to 3:00 p.m. and is required by the YMCA for all tutors.

Currently, the Y Literacy program has over 40 tutors working with adult students. Volunteers work in a variety of situations. Some of our students are English as Second Language students from other countries who would like to improve their knowledge of English. Another group of students are in HISET classes and

want to get their high school diploma. Some tutors work in classrooms helping students. Our adult students have a wide variety of individual goals. The free tutoring is generally one hour a week at a public library.

Attending the training session in no way commits someone to become a volunteer. It's the first step for people who have an interest in helping others to see if adult literacy tutoring will be a good fit for them.

People can register or obtain more information about the program by contacting Diane Schwab at 636-239-5704 or [Read4rivers@gwymca.org](mailto:Read4rivers@gwymca.org).

## 2017 Summer Reading Program: BUILD A BETTER WORLD!

# BUILD *a Better* WORLD™

### SCENIC REGIONAL LIBRARY'S SUMMER READING PROGRAM!

## JUNE 1<sup>st</sup> - JULY 31<sup>st</sup>

# ADULTS! • TEENS! • KIDS!

*2017 Summer Reading Program sign-ups start June 1! All ages are welcome to participate. Read some great books this summer!*

### Atomic Training

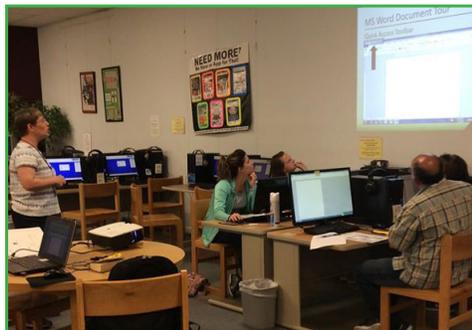

Atomic Training contains short videos explaining specific tasks in many of the most popular software applications in use today, like Adobe, Apple, Google, and Microsoft. Some examples include Microsoft Access, Photoshop, iMovie, and DropBox.

Career skills videos and student resources are also available, including communication, interview techniques, listening, and time management.

The videos may be watched in sequence like a course, or watched individually to learn a specific task in a program. Each video is between 2 and 8 minutes in length. Atomic Training is a great way for patrons to learn specific tasks on the computer without attending a full class, or just brush up on a skill. This can be great for small businesses, too, because training

on technology can be time-consuming and expensive.

People can use Atomic Training free from home on the Web with a Scenic Regional Library card.

### New Assistant Branch Manager at the Union Branch

Stephanie Jackson has been named the new assistant branch manager for Union, effective May 1. She has been a circulation clerk at the Union branch for the past year and a half.

Ms. Jackson was previously employed as a technical services assistant/circulation assistant with Reeves Library at Westminster College, where she also earned a bachelor's degree in English.

*Thank you, ladies for being loyal patrons to the bookmobile; never missing a stop at their location. We love you all!*

*Summer Reading Launch at the Franklin County R2 school district! Children's Programmer, Roxanne, danced and talked about everything happening at the New Haven branch this summer.*

*The Warren County library girls couldn't resist sitting in Darlene's Silver Streak! The classic car and author of the book of the same name visited the branch.*

## Library Increases Non-Resident Card Fee

On May 16, the Scenic Regional Library Board of Trustees voted to increase its annual non-resident library card fee from \$25 to \$50 per household. The new fee is effective July 1. The non-resident fee applies to people who live outside of the district, but want to have a Scenic Regional Library card. This change primarily affects people living in Lincoln and Montgomery counties, which do not have county-wide public library service. Residents in other counties, such as Washington, Osage, and Crawford, can get a Scenic Regional Library card at no cost due to reciprocal borrowing agreements in place between the libraries.

The decision was made due to the library's tax increase in April 2014, which increased the rate from 10 cents to 20 cents. The non-resident card fee is based on the average amount of taxes a Scenic Regional Library district resident pays to the library. The \$25 fee for non-resident cards was based on the 10-cent tax rate.

The chart below shows the non-resident card fees for other area libraries:

St. Louis County Library	\$50 per household
St. Charles City-County Library	\$80 per household
Missouri River Regional Library (Osage and Linn counties)	\$54 per family

Currently, the library has 116 non-resident cardholders, primarily at the Warrenton and Hermann branches.

## Agnes Meyer Receives Proclamation from Governor

On April 17, Governor Greitens issued a proclamation recognizing Agnes Meyer's land donation to Scenic Regional Library for the new New Haven facility. The New Haven Friends of the Library presented the plaque to Ms. Meyer at her residence in Washington. She donated a 1.53-acre lot near Highway 100 to the library in May 2015.

Mrs. Meyer and her husband, the late Harold H. Meyer, owned the former Western Auto Associate Store in New Haven for 25 years, from 1955 to 1980. She now lives in Washington.

*Agnes Meyer (center) shows off Governor Greitens' proclamation with her daughters Gerry Urban (left) and JoAnn Kuschel (right).*

## Free App for Parents Provides Brain-Building Activities

Research indicates that children develop the foundation for all future learning during their first few years. Do you want help getting your toddler or preschooler ready to read? If so, sign up for the free Vroom app at [joinvroom.org](http://joinvroom.org).

Vroom sends you customized brain-building activities each day. The activities are easy ideas to help engage a small child's brain. You can choose activities based on what you're already doing — having a snack, cleaning up, or playing. Vroom turns shared moments, whether its mealtime, bath time, or anytime in between, into brain-building moments. You can also get activities for multiple children based on their ages. It's a great way to keep toddlers and preschoolers thinking critically.

### Name That Dish

While you put away the clean dishes, hold each one up and ask your child to "Name that Dish!" Plate! Bowl! Fork! And so on. Make it fun like a game show. You hold up the item, your child tells you what it is or you say what it is, then on to the next one!

Ages 1-2

[joinvroom.org](http://joinvroom.org)

### Brainy Background

powered by Mind in the Making

Your child learns to make connections between words and objects when he/she can see it and hear them at the same time. These connections are important to developing talking and reading skills.

For more activities like these, check out the free Daily Vroom mobile app!

*An example of a Daily Vroom activity.*

*New Haven patrons learned about flowers and gardening at Storytime. Afterward, the children created a fun tulip craft to take home.*

*A group of ladies at the St. Clair branch display the Memorial Day rag wreaths they created just in time for the holiday!*

The library operated a booth at the Senior Expo and Health Fair at East Central College on May 15. Adult Outreach Coordinator Laurie Osseck presents Union resident Violet Lansford with the library's drawing prize from the event.
