Scenic Regional Library Presents Phone Photography 101

Cell phones have some of the best cameras on the market. Perhaps you've taken pictures with your phone in an effort to preserve the moment only to later not be able to find them on your phone or print them. If you are interested in improving how you use your cell phone

camera and getting the most out of the growing collection of pictures on your phone, join us at Scenic Regional Library's New Haven branch for hands-on instruction with professional photographer, Tony Carosella. Thursday, January 24, 6 p.m., Carosella will cover topics

such as enhancing photos and organizing them. Registration is encouraged but not required. Please call the library at 573-237-2189 or go online at Scenic Regional Library's website and click on Events. Attendees should bring their phones with them.
