Planning, Zoning Meeting

By Elizabeth Barmeier
St. Clair Missourian Editor

Public Hearing Still Held for Rezone

The St. Clair Planning and Zoning meeting was canceled due to a lack of a quorum, however the public hearing regarding a rezoning request was still held.

Applicant Phillip Weller wants to rezone his property located at

884 High School Drive from R-1B single-family residential to C-2 general commercial. He is asking to create a small workshop in order to keep derelict vehicles on his property. He was not present during the public hearing.

Weller's next public hearing with the city is scheduled for Monday, April 1, according to City Attorney Kurt Voss. He said a special planning and zoning meeting would need to be held before then or ask the city to move

its public hearing. The date for the meeting and zoning meeting was announced.

In December, the city council members granted rezoning until Jan.

Angela Speck, an astrophysicist from MU, presented on several women who contributed and made discoveries in computer science, astrophysics and more Saturday, March 9, at the Sullivan Library. She also answered questions and talked about her work in the field of astroscience. *Missourian Photo/Elizabeth Barmeier.*

Second Ambulance House Completion Date Extended

By Elizabeth Barmeier
St. Clair Missourian Editor

The completion of the second St. Clair Ambulance District house has been extended to the end of April due to winter weather.

Ambulance Chief Nick Tiepel-

man said the walls are up, the drywall has been installed and the electric is almost complete. The second house, located at 2716 Gravois Road, is 5,000 square feet, according to Tiepelman.

In addition to better response times by having a second ambu-

lance house, Tiepelman said equipment that now is stored outside will have a space indoors.

"We've outgrown our facility in House 1," he said. "This will allow us to store some of that important equipment inside and keep it from
