Without the tax being in place for a full year, the estimated amounts are based on similar half-cent sales taxes also in place in the county.

Sales Tax History

In 2018 the monthly average half-cent sales tax generated was \$539,116.

The highest month of revenues was August with revenues of \$680,278 and the lowest revenues were in April when \$414,007 was collected.

In 2018, the Franklin County half-cent general revenue and road and bridge sales tax generated \$6,469,393 each.

Using that figure, the Prop P sales tax should generate roughly the same amount each year if the economy stays stable.

Half of the roughly \$6.4 million would go toward construction of the new county adult detention facility.

The remaining half, or \$3.2 million, would be disbursed to the more than 230 commissioned officers in Franklin County.

Cindy S. Conner, 60, was driving a 2013 Dodge Avenger north on Highway 185 when a tree with a deteriorated root structure fell on of the vehicle at 6:20 a.m., according to a Missouri State Highway Patrol preliminary report.

Conner was taken to Missouri Baptist Sullivan Hospital with injuries. She was not wearing a seat belt, the patrol said.

ALEXANDER

CONTINUED FROM 1A

"We've searched through the woods and still have come up with nothing. We have no clues," she said.

Tolliver added that they have followed every lead from those who think they might have seen Alexander.

"We don't know what other areas we need to search. Franklin County (Sheriff's Office) is supposed to be going over a map and comparing what we've done and where they've had calls about

people trespassing, hunting or mushroom hunters, or stuff like that to help us know where to go next," Tolliver said.

For anyone with information about Alexander, call the Sullivan Police Department at 573-468-8001. There also is a Facebook page called Bring Betty Home where Tolliver posts updates.

Tolliver said people can help by sharing Facebook posts to spread awareness of her mother's photo and story.
