Welcome!

Scenic Regional Library offers patrons eBooks and eAudiobooks through Cloud Library. The purpose of this help guide is to provide you with the information you will need to use the Cloud Library Mobile App.

What is Cloud Library?

Cloud Library is a digital collection company that partners with libraries. Currently, Cloud Library's collection includes eBooks and eAudiobooks. SRL's Collection Development Manager buys digital copies of titles from Cloud Library which are then made available to you through an e-catalog.

Cloud Library's Offerings to Patrons

Any SRL patrons who have library accounts in good standing can access Cloud Library. Patrons can check out seven titles at a time and can keep them for two weeks. Patrons can also have seven titles on hold at one time.

Downloading the Cloud Library App

If you are using an Apple device (iPad or iPhone), go to the App Store and search for Cloud Library.

If you are using an Android device (Samsung, Tracfone, etc.), go to the Google Play Store and search for Cloud Library.

Currently, the Cloud Library App is not available in the Amazon App Store for Kindle Fires. Please see the Borrowing Titles from Cloud Library on Kindle Fires Tri-Fold Brochure for instructions on how to get the Cloud Library App onto your Kindle Fire. You may also ask a Scenic Regional Library Staff Member for assistance and we would be happy to help.

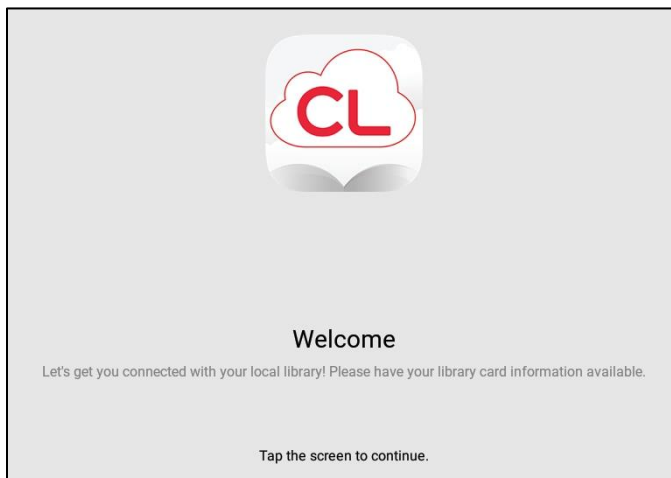

Logging into the Cloud Library App

Follow these steps to log into the Cloud Library App on your device.

1. Tap on the Cloud Library icon.

2. Tap the screen to begin.
