

Reading Program Set For Children

Scenic Regional Library will begin story hours and a summer reading program for children in June. In addition to the story hours at all of the libraries in the regional system, there will be story hours in six communities served by the bookmobile.

Printed schedules may be secured at the libraries in New Haven, Owensville, Pacific, St. Clair, Union, Warrenton or from the bookmobile.

A new feature will be story hours for children of grades four through six. Emphasis will be on exciting, humorous stories. A story hour for children of pre-school age through grade three will also be presented, as in the past, to entertain and appeal to younger children.

The theme of the summer reading will be "We Read For Summer Fun". Children may participate by visiting the library and obtaining a folder in which to list the books they read. Those who read twenty books will qualify for a summer reading certificate.

The bookmobile's summer schedule will begin on Monday, June 5.

All Scenic Regional Libraries will be closed Memorial Day, May 30.
