

# Warrenton librarians are gracious, helpful

Concerning the Town Talk comment about the Warrenton librarians, they are some of the most gracious folks I've ever known.

They help me with every request for a book, even order them if the library doesn't carry them. Getting a card only requires proof of residency and \$3. I think this is reasonable.

As far as the context of what the library carries, they are great and up to date!

I'm disabled, and reading all my life has been a lifesaver, a lifetime, and an escape. How dare you criticize these fine people. They need to relax. Our library is great! And so are the people who work there. Do you volunteer? Thanks for being there!
