to tell her anything, or if I have an issue with school or volleyball. She and my dad both allow me to make the decisions I need to make, and they’ll support me either way.

Q: What’s the best advice you’ve ever received?

"My mom always tells me, ‘You’ve got to do what you’ve got to do.’ She allows me to make my own decisions and helps me learn.”

Q: What piqued your interest in psychology?

"I’ve always had an interest and loved the investigation and discovery shows. Through playing sports my entire life, I thought it would be fun to have a career in that, since it’s something I can relate to.”

Q: If you could travel anywhere, where would you go?

"I’d like to travel to Italy and play volleyball over there. It would be a whole different level of competition and style of play.”

Libraries restrict some service

Due to the dramatic increases in new COVID-19 cases and the testing positivity rate in its service area, Scenic Regional Library is suspending the following services until further notice:

1) Passport services
2) Notary services
3) Take-a-ticket training (one-on-one computer help)

“We believe that the close proximity between staff and patrons that is required to perform these services poses an unnecessary health risk to all those involved,” said Scenic Regional Director Steve Campbell in an announcement of the changes.

In addition, effective this week, all job interviews for open positions at the library will be conducted by Zoom.

The library will remain open to the public during its normal service hours. The library also continues to offer curbside service for the public at all locations.
