Printing and Copying Services

Printing

All library branches have public-use printers. Print-outs are black and white. Color printing is not available at this time.

Print-outs are \$0.15 per page, and patrons are responsible for all charges incurred. Patrons are strongly advised to use *print preview* to find the number of pages that will be printed before sending the actual print job. If a patron needs assistance in selecting or determining the number of pages to be printed, they may ask any library staff member for assistance.

Wireless Printing

The library offers printing for WI-Fi users in our branches. To print from your laptop, tablet, or smartphone, please connect to the Library's WI-Fi network and select your location below. Print-outs are \$0.15 per page.

To access wireless printing, you must have your mobile device or laptop connected to the library's Wi-Fi network. Wireless printing will not work from a mobile device or laptop not connected to the library's Wi-Fi network.
