

# Regional Library extends closing

Scenic Regional Library has extended the closing of all nine of its branches until Saturday, May 23 in an effort to slow the spread of coronavirus in its communities. The library plans to reopen on Tuesday, May 26.

The library originally planned to reopen on Monday, April 27.

The library encourages patrons to use its extensive collection of digital resources online from home, including thousands of e-books, e-audiobooks, digital music, streaming video, and more.

The library also offers over 500 children's picture books digitally through a product called Tumblebooks for parents with small children. Please visit [www.scenicregional.org](http://www.scenicregional.org) for more information and access to these resources.

The library's wireless Internet is also accessible at all branch locations in the parking lots 24 hours a day, seven days a week. There is no password or library card required to access the network.

The library's youth services staff are still offering weekly storytimes virtually using Facebook Live (streaming video) on the branch Facebook pages. These are also archived on the branch Facebook pages and can be viewed at any time.
